BASIS OF PREPARATION OF THE NET ASSET VALUE

The NAV is calculated by management based on its detailed knowledge and understanding of the Company's assets, liabilities and operations. It is intended to provide management's best estimate of the current net value of the Company's assets. The calculation follows a straightforward approach, similar to the way an individual or a family would assess its own net worth: the estimated current value of apartments, land, buildings, receivables, cash and other assets is aggregated, and taxes, borrowings and other liabilities are deducted. The NAV is a management estimate involving judgements and assumptions. It is not an IFRS measure, it has not been audited, and the amounts ultimately realized may differ from those presented.

FINANCIAL RESULTS HIGHLIGHTS

In December 2025, a new legislative framework applicable to the Romanian residential real estate market introduced additional administrative steps required before preliminary sale-purchase agreements can be signed. As revenue recognition under IFRS 15 is linked to signed preliminary sale-purchase agreements, the implementation of the new framework created a temporary timing lag between transaction activity and revenue recognition, which was most pronounced in H1 2026, when new sales were recorded mainly as reservations. The conversion of reservations into pre-sales started to pick up in Q3 2026, with sales and pre-sales reaching EUR 51.9 million in the quarter, compared to EUR 2.6 million in H1 2026, as the required unit subdivision and cadastral formalities were completed for an increasing number of developments. However, the pace of conversion was also slowed by the ransomware attack on the National Agency for Cadastre and Land Registration (ANCPI) in July 2026, which suspended cadastral registrations and the issuance of land book documentation until mid-August and generated a backlog that is still being processed. Consequently, the Company recognized only a limited portion of new sales concluded during 9M 2026 in its reported revenues, despite continued strong underlying demand, reservation activity and customer cash collections, with further conversions expected in Q4 2026. Accordingly, 9M 2026 financial results should be analyzed in the context of these temporary legislative, administrative and accounting timing impacts. Further details regarding these changes and their accounting implications are included in the report.

Key financial figures for 9M 2026

- Adjusted Net Asset Value[1] attributable to One United Properties shareholders amounted to **EUR 1.25 billion** as of September 30th, 2026, **up in Q3 2026 despite the July share buyback.** The Public Tender Offer completed in July 2026, through which the Company repurchased 4,307,178 own shares for EUR 27.1 million, reduced NAV by approximately 2.2%. This amount was returned to shareholders, whose proportional stake in the Company increases by approximately 5.1% following the cancellation of the treasury shares. Nevertheless, the impact was more than offset by the operations carried out in Q3 2026: **NAV attributable to owners increased by EUR 14.7 million (+1.2%)** compared to June 30th, 2026, while NAV per share rose from RON 61.91 to RON 62.64. Excluding the effect of the buyback, NAV would have increased by approximately EUR 41.7 million in the quarter, or 3.4%.
- Amounts to be received under contracts concluded with customers as of September 30th, 2026, are **EUR 447 million in additional cash by 2029** (EUR 110 million in Q4 2026, EUR 194 million in 2027, EUR 97 million in 2028 and EUR 46 million in 2029); EUR 57 million was collected in 9M 2026.
- One United Properties registered a **turnover of RON 696.4 million** in 9M 2026, down 41% YoY, the result reflecting the temporary timing impact generated by the new legislative framework governing residential client advance payments in Romania, effective starting December 2025, which impacts the timing of revenue recognition under IFRS 15. On a comparable basis to 9M 2025, thus excluding the temporary impact generated by the legislative changes and the related IFRS 15 revenue recognition timing lag, turnover would have amounted to RON 935.8 million (-21% YoY).
- Revenues from the **residential segment** amounted to **RON 432.6 million**, a 56% YoY decrease (RON 728.9 million like-for-like, -25%). The net income from residential property amounted to **RON 95.6 million**, down 73% YoY, with the **net margin from residential sales amounting to 22.1%**.
- **Rental income** including revenues from services to tenants increased 8% YoY, to **RON 129.8 million** in 9M 2026, supported by the contribution of One Technology District, which began generating rental income in Q3 2026. Net rental income increased 12% YoY, up to RON 87.8 million.
- **Gross profit** reached **RON 104.4 million** in 9M 2026, down 75% YoY, while the **net profit** amounted to **RON 84.9 million** for 9M 2026, down 76% YoY, both reflecting mainly the temporary impact generated by the change in the real estate legislation.
- Average maturity left for outstanding loans as of September 30th, 2026, was **6.9 years** for bank loans related to investment property assets (EUR 267.7 million) and **1.5 years** for the bank loans related to development of residential property assets (EUR 113.0 million).

Key events in 9M 2026

- One United Properties recorded **EUR 145.5 million** in sales, pre-sales and reservations in 9M 2026, compared to EUR 137.7 million in 9M 2025, corresponding to **339 residential and commercial units** with a total surface of 35,112 sqm, as well as 480 parking places and 57 storage spaces. Of the total, EUR 54.5 million related to sales and pre-sales and EUR 91.1 million to reservations.
- The average selling price reached **EUR 3,807 per sqm** in 9M 2026, compared to EUR 2,979 per sqm in 9M 2025, a **28% YoY increase**, with activity led by newly launched developments, including One Floreasca Sunset, which accounted for 163 of the units contracted.
- In 9M 2026, One United Properties completed **four residential developments**: One Floreasca Towers, One High District, One Lake Club and One Lake District Phase 1, comprising **2,453 units**, of which **2,238 units were completed in Q3 2026 alone**, one of the largest quarters for deliveries by a single developer in the Romanian real estate market.
- In Q3 2026, the Group also delivered **One Technology District**, developed for Infineon Technologies under a 15-year lease, adding 21,514 sqm of GLA to its standing rental portfolio.
- As of September 30th, 2026, the residential portfolio reached an overall **contracted level of 81%**, with 1,242 units remaining available for sale, while **EUR 447 million** in contracted customer collections are scheduled through 2029, of which EUR 110 million in Q4 2026.
- The operational rental portfolio expanded to **173.5k sqm of GLA**, **96% leased**, with tenants having moved into 94% of the space. Headline rent reached **EUR 22.6 million** in 9M 2026, up 4% YoY. During the period, ONE leased and pre-leased 6,770 sqm of office and retail space and signed lease extensions for a further 785 sqm.
- As of September 30th, 2026, One United Properties had in ownership or under pre-SPA **551.4k sqm of land** with above-ground building rights of 1.34 million sqm and an estimated GDV of **EUR 2.7 billion**. In H1 2026, the Company also completed its first land acquisition in the United States, in Franklin, Tennessee, where One Liberty Pike will be developed.
- On July 14th, 2026, One United Properties successfully completed its Public Tender Offer, repurchasing own shares representing approximately **3.9% of the Company's share capital**, for RON 142.1 million.

Key events following the closing of Q3 2026

- On October 12th, 2026, One United Properties acquired a **5,755 sqm land plot in the Floreasca – Barbu Vacarescu area** of Bucharest for EUR 10 million, where it plans to develop a mixed-use tower of over 100 meters with an estimated **GDV of EUR 130 million**. Sales and construction are planned to start in 2028.
- On October 28th, 2026, One United Properties was included for the **second consecutive year** in the Financial Times' ranking of **"Europe's Long-Term Growth Champions"**, ranking 36th in the 2027 edition with a revenue CAGR of 53.7% between 2015 and 2025.
- On November 9th, 2026, the General Meetings of Shareholders approved **interim dividends of RON 1.89 gross per share** (RON 198.7 million in total), comprising an ordinary interim dividend of RON 0.47 per share and an extraordinary interim dividend of RON 1.42 per share, payable on December 15th, 2026, the extraordinary interim dividend being subject to the execution, completion and availability of the related credit facility and the drawdown by the Company's subsidiaries of the respective amounts at least 5 business days before the payment date. Shareholders also approved a **bond issuance program of up to EUR 500 million** and the cancellation of 4,376,578 treasury shares, following which the share capital will be divided into 105,123,422 shares.
- On November 9th, 2026, One United Properties signed an agreement to invest in **ORA by Casa Tua**, entering the venture as a **partner to Fortune International Group**, the developer of this 77-storey residential and mixed-use tower in the Brickell district of Miami, Florida, marking the Company's **entry into the Miami real estate market**. The Company will invest through One 1210 Brickell SRL, a Romania-based investment vehicle, which will commit with co-investor **USD 43 million**. The Company's equity contribution to the vehicle will amount to **USD 15 million**, with the balance funded by other co-investors. The project, with a total development cost expected to exceed USD 1 billion, comprises 533 fully furnished branded residences, with construction scheduled to begin in Q1 2027.

RESIDENTIAL DEVELOPMENT

Residential sales, pre-sales and reservations

One United Properties recorded EUR 145.5 million in sales, pre-sales and reservations during 9M 2026, with activity led by newly launched developments. The key transaction indicators are presented below.

Indicator	9M 2026	9M 2025
Total transaction value (EUR million)	**145.5**	**137.7**
of which: new sales and pre-sales	*54.5*	*137.7*
of which: reservations	*91.1*	*n/a[1]*
Total apartments and commercial units contracted	**339**	**467**
Total surface contracted (sqm)	**35,112**	**42,634**
Average selling price[2] (EUR/sqm)	**3,807**	**2,979**
Total parking places contracted	480	487
Total storage spaces contracted	57	83

[1] The 2026 figures include reservations, introduced as a distinct reporting stage following changes to the Romanian legislative framework governing client advance payments. The 2025 figures include sales and pre-sales only and are therefore not directly comparable.

[2] Total transaction value includes apartments, commercial units, parking and storage spaces. The average selling price per sqm is calculated using only the transaction value and corresponding surface of apartments and commercial units, excluding parking and storage spaces.

The quarterly breakdown of sales, pre-sales and reservations in 9M 2026 is presented below.

Period	Sales & pre-sales (EUR m)	Reservations (EUR m)	Total sales, pre-sales & reservations (EUR m)
Q1 2026	2.1	58.2	**60.4**
Q2 2026	0.5	44.7	**45.2**
Q3 2026	51.9[3]	(11.8)[3]	**39.9**
TOTAL 9M 2026	**54.5**	**91.1**	**145.5**

[3] Represents net change in sales & pre-sales and reservations. The negative value for reservations indicates a high level of conversions done within the quarter into sales & pre-sales.

During Q3 2026, the Group converted a meaningful portion of the reservations made in H1 2026 into pre-sales for newly launched developments and final sales for completed developments, following completion of the necessary preliminary unit subdivision and cadastral formalities. The number of conversions completed during the quarter was limited by the disruption of ANCPI services in July and August, presented below, with further conversions expected in Q4 2026. Moreover, the Group signed approximately 319 final sale contracts with existing clients during the final three weeks of September, supporting eligible buyers in completing their purchases before the deadline for benefiting from the reduced 9% VAT rate.

Contracted units by development

The breakdown of contracted (sold, pre-sold and reserved) units by development, together with cumulative take-up as of September 30, 2026, is presented below:

Development	Estimated delivery	Contracted units in 9M 2026	Total units contracted from construction start	Total units	Units available for sale
One Floreasca Sunset	Q3 2028	163	169	227	58

TOTAL UNITS CONTRACTED		**339**	**5,215**	**6,457**	**1,242**

Contracted levels across the residential portfolio

Across its full portfolio, One United Properties reached an overall contracted level of 81%, with 1,242 units remaining available for sale as of September 30, 2026.

Portfolio segment	Total units	Total units contracted from construction start	% of units contracted	Units available for sale
Completed before 2025	1,697	1,665	**98%**	32
Completed in 2025	375	301	**80%**	74
Completed in 2026	2,453	2,014	**82%**	439
In construction	1,932	1,235	**64%**	697
TOTAL	**6,457**	**5,215**	**81%**	**1,242**

Residential deliveries

During 9M 2026, One United Properties completed four residential developments - One Floreasca Towers, One High District, One Lake Club and One Lake District Phase 1 - comprising 2,453 units, of which 2,238 were completed in Q3 2026 alone.

The completion of 2,238 units and the Infineon facility within a single quarter demonstrate the Group's operational capacity to deliver multiple large-scale residential and commercial developments in parallel. Residential deliveries in Q3 2026 alone exceeded the 2,128 units delivered between Q1 2023 and Q1 2026, represented approximately 86% of the 2,610 units delivered over the preceding five years and were more than seven times the Group's average annual deliveries over the last ten years. Moreover, Group's performance in Q3 2026 has been one of the largest quarters for deliveries by a single developer in the Romanian real estate market.

Impact of the ANCPI cyberattack on cadastral procedures

On July 14th, 2026, the National Agency for Cadastre and Land Registration (ANCPI) suffered a ransomware attack affecting the IT infrastructure supporting the e-Terra cadastral and land registration system. The incident resulted in the temporary suspension of cadastral registrations and the issuance of land book documentation required for a broad range of real estate transactions, including the registration of newly completed residential units, the signing of preliminary sale-purchase agreements, the conclusion of final sale contracts and the registration of ownership transfers.

Although the e-Terra system resumed operations in mid-August 2026, the period of unavailability generated a backlog of requests that continues to be processed by ANCPI and local cadastral offices. The Company continues to coordinate with the relevant authorities and external specialists to complete the required procedures, while delays in processing may temporarily affect the timing of certain deliveries, ownership transfers, cash collections and revenue recognition.

RENTAL PORTFOLIO

Delivery of One Technology District

In Q3 2026, the Group delivered One Technology District, adding 21,514 sqm to its standing rental portfolio. One Technology District was developed for Infineon Technologies under a 15-year lease. The building combines

offices and specialized semiconductor research facilities, with a geo-exchange system designed to cover heating and cooling needs without a natural gas connection, complemented by rooftop solar panels and heat recovery systems.

Rental income portfolio status

Following the completion of One Technology District, which began generating rental income during the quarter, the Group's operational rental portfolio expanded to 173.5k sqm of gross leasable area. As of September 30, 2026, the portfolio was 96% leased, with tenants having moved into 94% of its gross leasable area. Headline rent reached EUR 22.6 million in 9M 2026, a 4% increase compared with 9M 2025. The lease status across the rental income portfolio as of September 30, 2026, is presented below:

Development	Status	Delivery / Acquisition	GLA (sqm)	% Leased / Pre-leased	% Tenants moved
One Tower	Developed	2020	24,073	100%	100%

[4] Due to the refurbishment process at Bucur Obor, some spaces are intentionally left unoccupied to allow the temporary relocation of certain essential operators while necessary renovations are being conducted inside the building.

During 9M 2026, One United Properties leased and pre-leased 6,770 sqm of office and retail space across the rental income portfolio and signed lease extensions covering a further 785 sqm.

LANDBANK AND PIPELINE EXPANSION

Landbank

As of September 30th, 2026, One United Properties had in ownership or under pre-SPA 551.4k sqm of land locations for further development, with total above-ground gross building rights (GBA) of 1.34 million sqm. All these land plots are currently in the planning phase, with estimated GDV of additional EUR 2.7 billion.

SUBSEQUENT EVENT **Acquisition of a land plot for a new mixed-use development in Floreasca**

On October 12th, 2026, One United Properties announced the acquisition of a 5,755 sqm land plot located at 110-112 Barbu Vacarescu Street, in the Floreasca-Barbu Vacarescu area of Bucharest, for a transaction value of EUR 10 million. The Company plans to develop a mixed-use tower of over 100 meters in height, with 4 underground levels, a ground floor and 25 upper floors, comprising exclusive residences, as well as commercial and office spaces on the lower levels. Based on a floor area ratio (CUT) of 4.5, the project will have an above-ground built area of approximately 25,900 sqm and an estimated Gross Development Value of EUR 130 million.

The project is now entering the design and permitting phase, for which the Company intends to organize an international architecture competition. The launch of sales and the start of construction are planned for 2028, with the final concept and timeline subject to the completion of the design and permitting process. **More information HERE.**

SUBSEQUENT EVENT **Partnership in the ORA by Casa Tua development in Miami, United States**

On November 9th, 2026, One United Properties signed an agreement to invest in ORA by Casa Tua, a residential and mixed-use development located in the Brickell district of Miami, Florida, United States, entering the venture as a partner to Fortune International Group, the developer. The transaction marks the Company's entry into the

Miami real estate market and expands its presence in the United States, following its investments in the Nashville metropolitan area, Tennessee.

The Company will invest through One 1210 Brickell SRL, a Romania-based investment vehicle, which will commit approximately USD 41 million to the ORA by Casa Tua development. A separate co-investor will contribute an additional USD 2 million, bringing the total investment to approximately USD 43 million. Of the USD 41 million invested through One 1210 Brickell SRL, the Company's equity contribution to the vehicle will amount to USD 15 million, with the balance funded by other co-investors in the vehicle. The Company will initially hold a 100% stake in One 1210 Brickell SRL, with its shareholding expected to decrease to a significant minority position following the conversion into equity of financing provided by the other co-investors in the vehicle.

Located at 1210 Brickell Avenue, ORA by Casa Tua will comprise a 77-storey tower rising approximately 292 metres (957 feet), making it one of the tallest residential towers in Miami. Designed by Arquitectonica, with interiors by m2atelier, the development will combine 533 branded residences, ranging from studios to four-bedroom apartments, with restaurants, commercial, wellness and office space. The total development cost is expected to exceed USD 1 billion. The development plans have been approved by the City of Miami, and construction is scheduled to begin in the first quarter of 2027.

The residences will be delivered fully furnished and ready to move in. Casa Tua will operate the development's four restaurants and its private members club and, through an optional hospitality program, will manage the leasing of residences on behalf of the owners who choose to join it, for stays as short as three nights. Owners can thus enjoy their residence for part of the year and entrust it to Casa Tua for the remainder, generating rental income in addition to the benefit of personal use, or keep it exclusively for their own use, with no obligation to join the program. **More information HERE.**

CAPITAL MARKETS

Share buybacks and cancellation of treasury shares

Between July 1st and 14th, 2026, One United Properties successfully completed its Public Tender Offer for the repurchase of its own shares. Shareholders tendered a total of 4,307,178 shares, representing approximately 3.90% of the Company's share capital, all of which were repurchased at a price of RON 33.0 per share, for a total consideration of RON 142.1 million. **More information HERE and HERE.**

Prior to the Public Tender Offer, the Company already held 1,069,400 treasury shares, representing approximately 0.97% of its share capital, acquired through previous share buyback transactions. Following settlement of the Public Tender Offer on July 17th, 2026, the Company therefore held a total of 5,376,578 treasury shares, representing approximately 4.87% of the current share capital.

In Q3 2026, the cancellation of 1,000,000 treasury shares was completed, reducing the share capital to RON 1,095,000,000, divided into 109,500,000 shares. The cancellation of the remaining 4,376,578 treasury shares was approved by the EGSM of November 9th, 2026 and, subject to completion of the applicable corporate and regulatory procedures, will reduce the total number of shares to 105,123,422. Overall, the cancellation of the 5,376,578 treasury shares reduces the total number of shares from 110,500,000 to 105,123,422. Assuming a shareholder maintains the same number of shares, this reduction in the total share count will increase that shareholder's proportional ownership in the Company by approximately 5.1%.

The share repurchases (via buybacks and the PTO) and their subsequent cancellation form part of the Company's capital allocation strategy, complementing the cash dividend distributed to shareholders and supporting long-term value creation through a reduction in the number of shares outstanding and the resulting accretion in proportional ownership for continuing shareholders.

Liquidity

In 9M 2026, ONE was the 16th most traded stock on BVB in terms of absolute liquidity and 13th most tradable by liquidity to free-float, registering trades of approximately RON 200 million. The market capitalization as of September 30th, 2026, was RON 3.3 billion. During 9M 2026, ONE share price increased 1%, while the BET index advanced 27% in the same period, reflecting a broader market rally across the Bucharest Stock Exchange registered during the first nine months of the year.

SUBSEQUENT EVENT **Recognized for the second consecutive year among Financial Times Europe's Long-Term Growth Champions**

On October 28th, 2026, One United Properties was included in the 2027 edition of "Europe's Long-Term Growth Champions", the ranking compiled by the Financial Times in partnership with Statista, which identifies the 300 European companies with the highest compound annual revenue growth over the past decade. One United Properties ranked 36th, with a compound annual growth rate (CAGR) of 53.7%, as its revenues increased from EUR 4 million in 2015 to EUR 280 million in 2025. Following its inclusion in the 2026 edition, the Company is now recognized for the second consecutive year among Europe's fastest-growing companies.

SUBSEQUENT EVENT **Interim dividends of RON 1.89 per share**

On November 9th, 2026, the Ordinary General Meeting of Shareholders approved the distribution of interim dividends for the first six months of 2026 totaling RON 198.7 million gross, or RON 1.89 gross per share, out of the distributable net profit of RON 237.7 million, comprising: (i) an ordinary interim dividend of RON 0.47 gross per share (RON 49.4 million), and (ii) an extraordinary interim dividend of RON 1.42 gross per share (RON 149.3 million), the latter being subject to the execution, completion and availability of the related credit facility and the drawdown by the Company's subsidiaries of the respective amounts at least 5 business days before the payment date. The ex-date is November 25th, 2026, the registration date is November 26th, 2026, and the payment date is December 15th, 2026. Subject to the payment of the extraordinary interim dividend, the Board of Directors will not include on the agenda of the 2027 Ordinary General Meeting of Shareholders an item regarding the distribution of dividends for the 2026 financial year. **More information HERE.**

GOVERNANCE

Favorable court decision concerning One Peninsula

On July 7th, 2026, the Bucharest Court of Appeals upheld the favorable judgment rendered by the Bucharest Tribunal, which had entirely rejected the claim seeking the annulment of the building permits based on which the One Peninsula development is being built, as well as the claim requesting the demolition of the buildings. The court proceedings related to the building permits at One Peninsula have been resolved in favor of One United Properties, and the permits remain valid. **More information HERE.**

SUBSEQUENT EVENT **Appointment of Group Chief Financial Officer**

On October 16th, 2026, the Board of Directors of One United Properties, following the recommendation of the Nomination and Remuneration Committee, approved the appointment of Catalin Jaloba as Group Chief Financial Officer, effective December 17th, 2026. Reporting to the two co-CEOs, he will oversee the finances of the Company and its subsidiaries, including financial strategy and planning, accounting and reporting, liquidity and financing, cost control, tax and investor relations. Catalin Jaloba succeeds Cosmin Samoila, whose mandate ends as he pursues new professional projects. **More information HERE.**

SUBSEQUENT EVENT **Ordinary and Extraordinary General Meetings of Shareholders of November 9th, 2026**

On November 9th, 2026, the Ordinary and Extraordinary General Meetings of Shareholders of One United Properties approved all items on the agenda. Shareholders approved the consolidated financial statements for H1 2026 and the distribution of interim dividends totaling RON 198.7 million gross, or RON 1.89 gross per share, comprising an interim ordinary dividend of RON 0.47 per share and an interim extraordinary dividend of RON 1.42 per share, the latter being subject to the execution, completion and availability of the related credit facility.

Shareholders also approved a bond issuance program of up to EUR 500 million, with maturities of up to 10 years, to be carried out within three years through public offers in Romania and/or private placements, with the bonds to be subsequently listed on a trading venue. In addition, the EGSM approved the reduction of the share capital through the cancellation of 4,376,578 treasury shares, following which the share capital will be divided into 105,123,422 shares, a new share buyback program of up to 3,798,750 shares over a period of up to 18 months, and the consolidation of the Group's rental income assets under a dedicated holding company owned by One United Properties. **More information HERE.**

Important context regarding the new legislative framework applicable to the real estate sector in Romania

Starting with December 2025, the Romanian residential real estate market operates under a new legislative framework governing preliminary sale-purchase agreements and client advance payments for residential developments. Under the new rules, preliminary sale-purchase agreements can only be signed after the building permit is registered and the required cadastral and land book documentation is completed. The legislation also introduces the concept of preliminary unit subdivision, allowing individual land books for future units to be opened prior to completion of construction, based on cadastral and notarial documentation.

For newly launched developments where the preliminary unit subdivision process is not yet finalized, transactions are initially reflected as reservation agreements before converting into preliminary sale-purchase agreements once the relevant administrative procedures are completed. As revenue recognition under IFRS 15 is linked to signed preliminary sale-purchase agreements, reservations alone do not generate accounting revenue recognition. As a result, the implementation of the new framework creates a temporary timing impact between transaction activity and revenue recognized in the financial statements, particularly during the transition period following the introduction of the legislation and for developments in the early launch stage. Accordingly, a portion of the demand and transaction activity recorded during 9M 2026 is not yet reflected in the reported revenues, despite underlying customer demand, reservation activity and future customer cash inflows remaining strong. The Company expects this timing effect to gradually normalize by 2027.

To help investors better understand the impact of the new law on the Company's financial statements, in the earnings analysis, figures shown in brackets represent management-adjusted results excluding the temporary impact generated by the legislative changes applicable to residential advance payments introduced in December 2025 and the related IFRS 15 revenue recognition timing lag, in order to provide a comparable view of the Company's underlying operational performance and transaction activity.

EARNINGS ANALYSIS

The consolidated turnover of One United Properties amounted to RON 696.4 million in 9M 2026, down 41% year-over-year (YoY) (RON 935.8 million, -21% YoY on a like-for-like basis, excluding the temporary impact of legislative changes). Revenues from sales of residential property decreased 56%, to RON 432.6 million (RON 728.9 million, -25% YoY like-for-like).

The results reflect both the implementation of the new legislative framework applicable to residential developments in Romania (as explained above), as well as the current maturity profile of the Group's development portfolio and its impact on revenue recognition *(for more information about the revenue recognition of residential sales at One United Properties, consult the dedicated chapter of this report).* Compared to previous years, when a larger share of the portfolio was in earlier, thus heavier, construction phases, a significant part of the current portfolio is now in finishing stages and approaching delivery, temporarily moderating the pace of revenue recognition until deliveries to end clients accelerate revenue and profit recognition.

Net income from residential property amounted to RON 95.6 million in 9M 2026 (RON 230.9 million like-for-like, -36% YoY like-for-like), compared to RON 359.6 million in 9M 2025, while the residential segment generated a 22.1% net margin, compared to 36.9% in 9M 2025. The Company targets, with each development, a net margin of minimum 35%, with the margin reported for the period varying depending on the construction stage across the portfolio and the overall product mix. The margin recorded in 9M 2026 reflects both the current mix of sales, characterized by a higher contribution from newly launched developments versus a year prior, as well as the advanced construction stage of a significant part of the portfolio, which reached completion during Q3 2026.

Rental income, comprising revenues from the rental properties division and revenues from tenant services, reached RON 129.8 million in 9M 2026, marking an 8% increase compared to 9M 2025, driven by the continued

stabilization and operational maturity of the rental properties' portfolio, as well as by the contribution of One Technology District, which began generating rental income during Q3 2026. Net rental income increased by 12% YoY, reaching RON 87.8 million, supported by higher rental revenues and strong occupancy across the office portfolio. The Company's rental portfolio had a 96% lease rate as of September 30th, 2026, with 94% of tenants having already moved in.

Gains from investment property amounted to RON 104.2 million in 9M 2026, compared to RON 87.9 million in 9M 2025. The result was primarily driven by RON 89.2 million in gains from rental properties under development, reflecting the progress of the rental properties development pipeline – representing One Gallery and One Technology District, and RON 16.1 million in gains from investment property for further development, representing One Liberty Pike land located in Tennessee, USA, partially offset by a RON 1.2 million loss on disposal of investment property.

General and administrative expenses increased to RON 85.6 million in 9M 2026, compared to RON 45.5 million in 9M 2025. The increase reflects primarily the recognition of expenses related to the Stock Option Plan ("SOP") for the executive members of the Board of Directors, amounting to RON 31.1 million, approved by shareholders during the General Meeting of Shareholders held on April 29th, 2026. In accordance with IFRS accounting standards, the related expense started being recognized as of Q1 2026. The amount represents a non-cash expense and therefore has no impact on the Company's cash position or liquidity.

Other operating expenses amounted to RON 16.2 million, compared to RON 11.4 million in 9M 2025. Out of this amount, RON 8.3 million represented CSR-related sponsorships made during 9M 2026, which are expected to be partially deducted from profit tax.

The result from operating activity (EBITDA) amounted to RON 190.8 million in 9M 2026 (RON 326.1 million like-for-like, -31% YoY), while gross profit reached RON 104.4 million (RON 239.7 million like-for-like, -44% YoY) and net profit totaled RON 84.9 million (RON 198.5 million like-for-like, -44% YoY). Financial expenses increased to RON 104.9 million, compared to RON 62.2 million in 9M 2025. The income tax amounted to RON 19.5 million for 9M 2026, of which RON 20.7 million represented current profit tax expenses, partially offset by a deferred income tax income of RON 1.2 million.

The evolution in 9M 2026 compared to 9M 2025 reflects primarily the impact of the new residential legislation, the current stage of the development cycle, as well as the more challenging temporary macroeconomic backdrop in Romania, including weaker GDP dynamics and softer consumption trends, rather than a change in underlying demand fundamentals or operational performance.

[1] On a comparable basis to 9M 2025, thus excluding the temporary impact generated in 9M 2026 by the legislative changes applicable to the Romanian residential real estate market and the related IFRS 15 revenue recognition timing lag, revenues from sales of residential property in 9M 2026 would have amounted to RON 728.9 million (-25% YoY), net income from residential property would have amounted to RON 230.9 million (-36% YoY), EBT would have amounted to RON 239.7 million (-44% YoY), while net profit would have amounted to RON 198.5 million (-44% YoY). These figures are provided for illustrative purposes and do not represent IFRS financial information.

ASSETS

Total assets grew 8% in the first nine months of 2026, amounting to RON 7.1 billion. Non-current assets grew by 7%, reaching approximately RON 3.7 billion, while investment properties increased by 8%, reaching RON 3.5 billion as of September 30th, 2026. The increase was primarily driven by the continued advancement of the rental properties development pipeline and the Group's landbank, including the construction progress at One Technology District (+87%), completed in Q3 2026, One Gallery (+33%) and the Mondrian Hotel (+40%), as well as the addition of One Liberty Pike, the Group's first land acquisition in the United States. The increase in investment properties was partially offset by the transfer of One Mamaia Nord Phase 3 and One Floreasca Club from investment properties to residential developments following the commencement of construction and sales, as well as the decrease in residential units previously held for rental that were sold during the period.

Current assets increased by 8% compared to December 31st, 2025, reaching RON 3.5 billion as of September 30th, 2026. The increase was primarily driven by a 29% increase in inventories, which reached RON 1.4 billion, supported by the continued advancement of the Group's residential development pipeline.

The increase in inventories was mainly driven by the inclusion of One Floreasca Sunset, One Floreasca Club and One Mamaia Nord Phase 3 in residential developments following the commencement of construction and sales, as well as the advancement of developments such as One Lake District, One Lake Club and One High District. The increase was partially offset by unit deliveries across finalized developments, including One Cotroceni Park, One Verdi Park and One Floreasca Towers. The remaining developments recorded varying increases or decreases in inventory, reflecting the pace of construction and residential sales evolution, as presented in the Business Highlights section. Cash and cash equivalents amounted to RON 477.8 million as of September 30th, 2026, down 27% compared to December 31st, 2025.

EQUITY AND LIABILITIES

Equity amounted to RON 3.7 billion as of September 30th, 2026, down 3% compared to December 31st, 2025. Own shares amounted to negative RON 144.0 million, compared to negative RON 29.5 million at the end of 2025, reflecting the shares repurchased through the Public Tender Offer completed in July 2026, partially offset by the cancellation of 1,000,000 treasury shares, following which the share capital decreased to RON 1,095.0 million. Other capital reserves increased to RON 34.3 million, from RON 4.3 million, mainly reflecting the recognition of the equity reserve associated with the Company's Share Option Plan (SOP).

Total liabilities increased by 23% compared to December 31st, 2025, amounting to RON 3.4 billion as of September 30th, 2026. Non-current liabilities increased by 41%, reaching RON 2.5 billion, primarily driven by a 54% increase in long-term loans and borrowings from banks and others, which amounted to RON 2.0 billion as of period end. This includes the drawdowns for One Lake Club, One High District, One Gallery and One Technology District.

Current liabilities decreased by 6%, to RON 986.7 million, mainly due to a 17% decrease in advance payments from customers, which amounted to RON 415.5 million, and an 11% decrease in short-term loans and borrowings from banks and others, partially offset by a 13% increase in trade and other payables.

DEBT PROFILE & MATURITY SCHEDULE

Average maturity left for outstanding loans as of September 30th, 2026, was 6.9 years for bank loans related to investment property assets (EUR 267.7 million) and 1.5 years for the bank loans related to development of residential property assets (EUR 113.0 million). Average interest margin over EURIBOR 3 months was between 1.5% and 3.0%. The maturity profile of outstanding bank loans as of September 30th, 2026 is presented below:

The long-term financing structure of One United Properties is primarily supported by the rental properties' portfolio, which is financed through long-term loans serviced mainly from recurring rental income, with a portion of the principal being amortized annually. At the same time, developments targeting the mid- and mid-high-income segments generally require, on a relative basis, a higher level of debt financing compared to high and very high-income developments, where clients historically contributed a larger share of the unit value throughout the construction period through staged advance payments. Following the implementation of the new legislative framework in Romania starting with 2026, the utilization schedule of client advance payments by developers is now linked to construction milestones, which may increase the relative financing needs during the earlier phases of development.

CASH INFLOWS

Contracted cash collections from residential segment

As of September 30, 2026, One United Properties had EUR 447 million in contracted customer collections scheduled through 2029. These scheduled collections complement the proceeds expected from future sales across the Group's completed developments and projects under construction.

ABOUT IFRS
REVENUE RECOGNITION

Revenue Recognition of Residential Sales
Revenue Recognition of Investment Properties

REVENUE RECOGNITION OF RESIDENTIAL SALES

How residential pre-sales translate into revenue under IFRS 15

One United Properties recognizes revenues based on pre-sales, matched with the percentage of completion method. The mix of sold vs unsold units, as well as the timing of these sales, particularly in relation to the reporting period, can impact recognized revenues and the associated profit margins.

The cost structure of a construction is seldom linear. Initial stages might involve higher expenses related to excavation, laying foundations, and infrastructure development, whereas later stages have costs associated with finishing, fittings, and interiors. Thus, as revenue is recognized based on the stage of completion, the costs paired with that revenue can fluctuate, leading to varying profit margins.

Moreover, One United Properties manages construction of multiple developments in parallel, each being at the time of financial reporting a different construction phase, thus having different cost structures. Consequently, some developments could be in their initial phase with heavy infrastructure investments, while others could be in the final stages with different types of costs. When revenues from these developments under construction are pooled together, the blended profit margin can show significant variations.

PRINCIPLE OF REVENUE RECOGNITION ACCORDING TO IFRS 15

The recognition of revenues from the sale of residential developments over the construction period, often referred to as the "percentage of completion method," is rooted in the principles outlined in the International Financial Reporting Standards (IFRS), particularly IFRS 15 "Revenue from Contracts with Customers." This method of revenue recognition is used due to:

- **Matching Principle**: Recognizing revenue over the construction period is in line with the matching principle, which suggests that revenues and expenses should be recognized in the same period they are earned or incurred. This allows for better matching of the revenue generated from a development with the expenses associated with that development over time.
- **Reflects Economic Reality**: This method allows the financial statements to better reflect the economic reality of the construction process, which is ongoing. Instead of recognizing all the revenue at once, it's recognized as value added to the development.
- **Smoother Earnings**: Recognizing revenue over the construction period can result in smoother earnings over multiple periods rather than volatile earnings that occur only when developments are completed.
- **Improved Cash Flow Prediction**: Recognizing revenue progressively provides stakeholders with a better understanding of incoming cash flows, leading to more informed financial planning.
- **Risk Assessment**: Recognizing revenue over time provides better visibility into developments that may be at risk of delays or not meeting expected profitability. This can allow management to take corrective actions more promptly.
- **Incentive Structure**: When revenue is recognized progressively, it might provide a more consistent incentive for project managers and the management team to ensure developments stay on track rather than deferring all efforts and recognition towards the end.

The disadvantage of the method is that, unlike the straightforward point-in-time recognition, the percentage of completion method adds layers of complexity, making financial statements harder to decipher for some investors and analysts, sometimes generating incorrect presumptions that the revenues or profitability of the Company is decreasing, while it is simply fluctuating due to many developments having different level of completion. Recognizing revenues from sales of residential developments over the construction period aligns with the IFRS framework's underlying principles and offers various benefits in terms of financial reporting and economic representation.

REVENUE AND PROFIT RECOGNITION EXAMPLE

Please note that the below example is illustrative and based on a simplified payment structure.

Total Contract Value: EUR 1,000,000 Land cost: EUR 100,000

Development costs: EUR 500,000 Profit Margin: 40% (EUR 400,000 for the whole development)

Year 0 (Start of Contract):

- The client makes a prepayment of 30%, which amounts to EUR 300,000.
- No construction has been completed yet, so no revenue or profit is recognized at this point. The amount cashed in - EUR 300,000 is recorded as a liability on One United Properties' balance sheet.

Year 1 (End of First Year):

- Assume 50% of the construction is completed.
- 50% of the total contract value less land amount, or EUR 450,000, is the revenue that should be recognized by the end of Year 1 together with the amount of EUR 100,000 related to land which is recognized as revenue for 100% from year 1 and in correspondence the cost of sale, no margin being recorded to land value.
- The cost of sale represents 50% from the development costs of EUR 500,000, therefore EUR 250,000 at which is added the land cost of EUR 100,000 for 100% from year 1, as mentioned at the point above.
- As described above, EUR 550,000 represents the revenue, EUR 350,000 represents the cost, and EUR 200,000 is the profit.
- Given that One United Properties has already received EUR 300,000, the remaining amount (EUR 250,000) until the total revenue amount recorded of EUR 550,000 is recognized as contract assets under receivable line and the liability of EUR 300,000 is reversed.
- In terms of profit recognition for Year 1, One United Properties would recognize EUR 200,000 in profit (36% relative margin).

Year 2 (End of Second Year/Upon Delivery):

- The construction is 100% complete by the end of the second year.
- The total revenue to be recognized over the contract's duration is EUR 1,000,000.
- Also, EUR 600,000 (60% of EUR 1,000,000) represents the total cost, and EUR 400,000 (40% of EUR 1,000,000) is the total profit.
- Since EUR 550,000 revenue and EUR 200,000 profit were already recognized in Year 1, the remaining revenue to be recognized in Year 2 by One United Properties is EUR 450,000, with a profit of EUR 200,000 and relative margin of 44%.

Upon delivery, the client pays the remaining 70% of the contract value, or EUR 700,000, therefore the contract assets recognized in year 1 of EUR 250,000 is reversed and the remaining amount EUR 450,000 represents the revenue for year 2, as mentioned also in the point above.

At the contract's conclusion, the revenue recognized by One United Properties aligns with the construction progress and payments received: EUR 300,000 in Year 1 and EUR 700,000 in Year 2 for a total of EUR 1,000,000. From a profit perspective, One United Properties would recognize a profit of EUR 200,000 in Year 1 and another EUR 200,000 in Year 2, totaling EUR 400,000 for the unit.

Please note that the actual revenue recognition would also consider any costs incurred and other factors stipulated under IFRS 15. However, this example provides a simplified illustration to help understand the core concepts in practice.

REVENUE RECOGNITION OF INVESTMENT PROPERTIES

How investment properties are measured and recognized under IAS 40

One United Properties manages its investment properties to earn rental income, for capital appreciation, or both. These properties are initially measured at cost and subsequently at fair value. Professional valuers assess the fair value at reporting dates, reflecting market conditions. Gains or losses from fair value adjustments are recognized in profit or loss as they occur. The Company's investment properties include standing properties generating rental income, properties under development, and property for further development.

PRINCIPLE OF REVENUE RECOGNITION ACCORDING TO IAS 40

One United Properties follows the principles set forth in IAS 40 for recognizing gains from fair value adjustments of investment properties in profit or loss. This approach ensures accurate and transparent reporting of the Company's financial performance related to its investment properties.

Investment properties are initially recognized at cost, incorporating transaction costs. Post initial recognition, these properties are measured at fair value. Changes in fair value are appraised semi-annually and immediately recognized in profit or loss.

Fair Value Measurement Techniques are:

- **Market Approach**: Utilizes market comparison technique based on observable data.
- **Discounted Cash-Flows (DCF):** Projects cash flows discounted at a market-derived rate.
- **Residual Approach**: Applies to properties with development potential, estimating the value post-development.
- **Income Approach:** Converts future cash flows to a current value, reflecting the property's income-producing ability.

Key valuation inputs include capitalization rate, terminal yield, discount rate, expected rental growth, and net market rent.

Investment properties' fair value is assessed regularly, typically semi-annually. Any fair value changes since the last measurement are recognized in profit or loss for that period. This includes both gains and losses.

Gains or losses from fair value adjustments are itemized in the income statement based on the category of the investment property, ensuring transparency and clarity for financial statement users.

RESIDENTIAL

ONE is the creator of sustainable communities, shaping a better way of living. Landmark developments, premium locations, timeless architecture, quality, sustainability and strong communities are at the core of ONE's residential portfolio.

The Company develops residential communities across premium, upper-mid and mid-income segments under a built-to-sell model. The portfolio includes landmark developments such as One Mircea Eliade, One Verdi Park, One Lake District and One Floreasca Towers.

OFFICE

ONE develops and owns Class A office buildings designed to generate long-term recurring rental income, with a strong focus on sustainability, wellness and the employee experience.

The office portfolio includes both developed assets, such as One Tower, One Cotroceni Park Office and One Technology District, and acquired assets, including One Victoriei Plaza and Eliade Tower.

RETAIL

At One United Properties, real estate is about shaping cities, enhancing lifestyles, and creating lasting value. Retail spaces are conceived as social and cultural elements and they enhance ONE's mixed-use developments by bringing everyday services, restaurants, wellness, education and lifestyle amenities closer to the ONE communities.

The Company develops retail spaces both to rent (such as One Gallery or Bucur Obor) and to sell (such as One Cotroceni Park, One Lake Club, One High District).

2. BASIS OF PREPARATION

The condensed scope of reporting in these interim condensed consolidated financial statements reflects the requirements of the International Accounting Standard ("IAS") 34 "Interim Financial Reporting" adopted by the European Union. Information on the application of IFRS, on the significant accounting policies and on further disclosures is provided in the consolidated financial statements of Group as of 31 December 2025 and forms the basis for these consolidated interim financial statements.

However, some notes are included to explain events and transactions that are material to understanding the changes in the Group's financial position and performance from the latest consolidated annual financial statements at and for the year ended 31 December 2025.

The interim condensed consolidated financial statements for the nine-month period ended 30 September 2026 are unaudited and an external review by an auditor was not performed.

The consolidated interim financial statements are presented in Romanian Leu ("RON", rounded). The use of automatic data processing equipment can lead to rounding differences in the addition of rounded amounts or percentage rates.

3. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2025. No new standards, interpretation or amendment with material impact on the financial statements of the Group has been issued for the first 9 months of 2026.

Goodwill

The goodwill in balance refers to One Peninsula, a subsidiary of the Group that develops a residential project in district 1, Bucharest. The Group tests goodwill annually for impairment or more frequently if there are indications that goodwill might be impaired.

As at 30 September 2026 and 31 December 2025, the Group performed the assessment of the recoverable amount of goodwill allocated to One Peninsula based on a value in use calculation taking in consideration the financial budget approved by the management which comprise forecasts of revenue, construction development costs and overheads based on current and anticipated market conditions and a discount rate of 3.30%.

As at 30 September 2026 and 31 December 2025, following the impairment test performed for One Peninsula, the Group assessed the recoverable amount of the identified CGU to which the goodwill, relates to be higher than its carrying amount, therefore no impairment loss is recognized.

Under the category "Concessions patents, licenses" is included the identifiable intangible asset acquired in 2022 in a business combination, related to Bucur Obor Brand, and which was recognized at fair value of RON 14.4 million. The brand "Bucur Obor" has been officially registered by the Bucur Obor SA since 2011, its first appearance being in 1975 when the Bucur Obor store was opened. The phrase "Bucur Obor" is associated with the location of the Bucur Obor commercial store, which is a commercial landmark of Bucharest. Part of the revenues generated by renting commercial spaces in the complex are directly attributable to the "Bucur Obor" brand.

As at 31 December 2025, the Group performed the assessment of the recoverable amount of the Bucur Obor Brand, considering a WACC rate of 14.55% and a risk premium of 2%. No significant indicators of impairment were identified.

7. INVESTMENT PROPERTY

The Group arranges for the regular valuation of its properties in accordance with International Financial Reporting Standards by independent professionally qualified valuation specialist not connected with the group who holds a recognized relevant professional qualification and has recent experience in the locations and categories of the valued properties. These external appraisals are carried out each year as at 31 December and also during the year when there are indicators that the fair value is substantially changed. In certain cases, specific assets or interim updates of fair values may be assessed internally by management using generally accepted valuation techniques and relevant market assumptions.
After internal assessment, the fair value measurement of the investment properties was performed at 30 June 2026 using an independent appraiser only for the significant assets where changes in fair value were identified. For the remaining investment property assets the management considers no significant changes in fair value occurred compared to prior year-end valuation.

The Group holds mainly office and retail buildings, residential properties held to earn rentals and undeveloped land.

The changes in investment property values during 9 months ended 30 September 2026 and 31 December 2025 were as follows:

NOTE 7. INVESTMENT PROPERTY (continued)

Valuation processes

The Company's investment properties were valued at 31 December 2025 by Colliers Romania, external, independent evaluator, authorized by ANEVAR, having recent experience regarding the location and nature of the properties evaluated. The valuation models in accordance with those recommended by the International Valuation Standards Committee have been applied and are consistent with the principles in IFRS 13. During 2026, the assets where significant changes were recorded were valued, as detailed above at the beginning of the chapter.

For all investment properties, their current use equates to the highest and best use. The valuation techniques used in determination of the fair value of investment property are:

a) The fair values are determined through the application of the market comparison technique. The valuation model is based on a price per square meter for both land and buildings, derived from data observable in the market, in an active and transparent market;

b) Discounted cash-flows (DCF) method. The valuation model based on the DCF method estimates the present value of net cash flows to be generated by a rented building considering occupancy rate and costs to be paid by the tenants. The discount rate estimation considers, inter alia, the quality of a building and its location;

c) The Residual Approach of valuation is used when a property has development or redevelopment potential, and it is needed when there is an element of latent value that can be released by the expenditure of money on a property. This approach assumes that a potential buyer, who normally would be a developer, will acquire the subject property as at the date of valuation in its current condition and will develop it till completion and sell.

d) The Income Approach - Direct Capitalization method provides an indication of value by converting future cash flow to a single current value. Under the income approach, the value of an asset is determined by reference to the value of income, cash flow or cost savings generated by the asset. A fundamental basis for the income approach is that investors expect to receive a return on their investments and that such a return should reflect the perceived level of risk in the investment.

Fair value hierarchy

Based on the inputs to the valuation technique, the fair value measurement for investment property has been categorized as Level 3 fair value at 30 September 2026 and 31 December 2025. This assessment is deemed appropriate considering the adjustments of the date for comparable lands and of the construction assessments, including future level of net operating revenues of the investment properties. These adjustments are based on location and condition and are not directly observable. There were no transfers from levels 1 and 2 to level 3 during the year.

The Group's investment in associate MK Discount comprises both equity interests and short term loans (the Group has granted also a long term loan amounting to RON 33.8 million and related interest of RON 1.4 million (31 December 2025: RON 14.9 million) and a short term loan to Blackstone Development SRL in amount of RON 14.5 million (31 December 2025: RON 14 million), company which has control by holding 51% ownership in MK Discount SRL. These balances are assessed together for impairment.

During 2026, the Group has acquired 20% interest in Tomcatone Hospitality SRL.

9. INVENTORIES

Most of the Company's subsidiaries have as object of activity the development of residential real estate developments that are sold in the normal course of business.

The Group policy implies measuring budget cost at beginning of project and remeasuring each year end date. Also, an incremental prudential impact is applied to the total estimated project cost by considering an additional contingency cost, in accordance with progress of the development, the greater the progress, the lower the additional percentage allocated to costs, as few uncertainties remained.

Depending on the estimated completion and sales dates of each real estate development, considering the Group's operating cycle (a period of approximately three years), inventory is detailed as follows:

As at 30 September 2026 and 31 December 2025, for the VAT recoverable, the Group filed refund applications. Parent company One United Properties SA acts as the representative of the single tax VAT group. The tax authorities have approved the fund application and after the control performed, the Group is collecting the amounts approved for reimbursement and also the VAT recoverable amounts incurred after the period verified.

During 2025, the Company has granted a short term loan to Blackstone Development SRL (RON 14.5 million).

Trade receivables and contract assets are written off where there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the Group.

The expected loss rate for the trade receivable overdue over 90 days and contract assets as at 30 September 2026 and 31 December 2025 were established based on historical credit losses adjusted for any known factors that would influence the future amount to be received in relation to the receivable. The Group has also taken in consideration the subsequent collections procedures performed until the date of issue of these financial statements and creditworthiness analysis made by the Group's sales team at individual client level.

By using the simplified expected credit loss model, the Group assessed its receivables for allowance and concluded that a net amount of expected credit losses of RON 14,153,016 (31 December 2025: RON 12,962,374) are unlikely to be recovered.

The treasury shares were acquired in accordance with the authorization granted by the General Meeting of Shareholders and in accordance with the Romanian Companies Law no. 31/1990. Treasury shares do not carry voting rights and are not entitled to dividends while held by the Company.

On 19 April 2021, the extraordinary general meeting of the shareholders approved to list the holding company One United Properties SA on the regulated market of the Bucharest Stock Exchange.

On 10 October 2024, the Extraordinary General Meeting of Shareholders of the Company (the "EGMS Resolution") has approved, the following:

(i) the consolidation of the nominal value of a share issued by the Company from the nominal value of RON 0.2/share to the nominal value of RON 10/share, by increasing the nominal value of the shares concomitantly with the decrease of the total number of shares (50 shares with a nominal value of RON 0.2/share will represent one share with a nominal value of RON 10/share) ("**Nominal Value Consolidation**");

14. EQUITY (CONTINUED)

(ii) the proposal of the Board of Directors to set a price amounting RON 46.225/consolidated share, for the compensation of the fractions of shares resulting from the Nominal Value Consolidation. The price thus proposed was calculated by multiplying the amount of RON 0.9245 (representing the average trading value of the share with a nominal value of RON 0.2, referring to the last 12 months prior to the convening of the EGMS, adjusted for changes generated by any corporate events during this period, if applicable) by 50 (representing the ratio between the consolidated nominal value (RON 10/share) and the nominal value prior to the Nominal Value Consolidation (RON 0.2/share));

The Romanian Financial Supervisory Authority has issued the certificate of registration of financial instruments (CIIF) no. AC-6031-1/29.01.2025 CIIF certifies the registration of the operation of the consolidation of the nominal value of the shares of One United Properties, approved by the Resolution of the Extraordinary General Meeting of Shareholders dated 10 October 2024. The Company has finalized the process of registration of the nominal value consolidation with the Central Depository on 5 February 2025. Pursuant to the share capital increase, the Company's share capital amounts to RON 1,105,831,020, divided into 110,583,102 ordinary registered shares, with a nominal value of RON 10 per share.

On April 29th, 2025, the Company held the Ordinary and Extraordinary General Meetings of Shareholders. During the GMS, the shareholders approved, among other items, the distribution of dividends in value of RON 77,750,066.01 (gross dividend amount), corresponding to the financial year 2024, as follows: (i) the amount of RON 38,152,523.73 (gross dividend amount) has been distributed in advance in 2024, respectively (ii) the amount of RON 39,597,542.28 (gross dividend amount), was distributed according to this resolution. The dividends were paid in May 2025.

On October 15th, 2025, the Company held the Ordinary and Extraordinary General Meetings of Shareholders. During the GMS, the shareholders approved, among other items, the distribution of dividends in value of RON 39,493,149.84 (gross dividend amount), less the treasury shares held by the Company on the date of the OGMS convening, from the undistributed net profit existing as at 31 December 2024. The dividends were paid in November 2025.

The Company has received from the Romanian Financial Supervisory Authority, the Certificate of the Registration of Financial Instruments (CIIF) no. AC-6031-2/10.09.2025. The CIIF certifies the decrease of the share capital with 83,102 shares as a result of the Company's Extraordinary General Meeting of Shareholders' decision no. 76 dated 29.04.2025. The new share capital was registered with the Central Depository. Pursuant to the share capital decrease, the Company's share capital of RON 1,105,000,000 is divided into 110,500,000 nominative shares with a nominal value of RON 10 per share.

The Financial Supervisory Authority of Romania (the "FSA") approved on 25 June 2026 the Company's application for a tender offer for cash of its own shares, as approved by the Company's Extraordinary Shareholders' Resolution no. 79 / 15 October 2025. The purchase price established is RON 33/share and the subscription period is between 01.07.2026 – 14.07.2026.

On April 29th, 2026, the Company held the Ordinary and Extraordinary General Meetings of Shareholders. During the GMS, the shareholders approved, among other items, the distribution of dividends in value of RON 48,149,464 (gross dividend amount), corresponding to the financial year 2025. The dividends were paid in June 2026.

On 15 October 2025, the Company held the Extraordinary General Meeting of Shareholders no.79. During the GMS, the shareholders approved, among other items, to repurchase shares of the Company by conducting one or more public purchase offers with payment in cash for the purpose of reducing the Company's share capital.
The public tender period for Company's public tender offer for cash of its own shares was between 01.07.2026-14.07.2026, where a total number of 4,307,178 shares were repurchased at a unit price of RON 33/share.
In accordance with the Extraordinary Shareholders' Resolution no. 79 / 15 October 2025, the shares acquired by the Company through the Offer (4,307,178 shares) will be subsequently cancelled as part of a share capital decrease operation to be further approved by the extraordinary general meeting of shareholders of the Company.

In September 2026, the Company has received from the Romanian Financial Supervisory Authority, the Certificate of the Registration of Financial Instruments (CIIF) no. AC-6031-3/23.09.2026. The CIIF certifies the decrease of the share capital with 1,000,000 shares as a result of the Company's Extraordinary General Meeting of Shareholders' decision no. 81 dated 29.04.2026. Following the cancellation of 1,000,000 treasury shares held by the Company, representing approximately 0.905% of the Company's share capital prior to the cancellation, the Company's share capital has been reduced from RON 1,105,000,000 to RON 1,095,000,000.
Following the share capital decrease, the Company's share capital is divided into 109,500,000 nominative shares, each with a nominal value of RON 10.
As the cancelled shares were treasury shares held by the Company, the cancellation does not reduce the number of shares held by existing shareholders and results in a proportionate increase in their percentage ownership of the Company.

14. EQUITY (CONTINUED)

(ii) Legal reserve

The legal reserve of RON 45,671,186 as at 30 September 2026 (31 December 2025: RON 45,671,186) is established in accordance with the Company Law, according to which 5% of the statutory annual accounting profit is transferred to legal reserves until their balance reaches 20% of the company's share capital. If this reserve is used wholly or partially to cover losses or to distribute in any form (such as the issuance of new shares under the Company Law), it becomes taxable.

The management of the Group does not expect to use the legal reserve in a way that it becomes taxable (except as provided by the Fiscal Code, where the reserve constituted by the legal entities providing utilities to the companies that are being restructured, reorganized or privatized can be used to cover the losses of value of the share package obtained as a result of the debt conversion procedure, and the amounts intended for its subsequent replenishment are deductible when calculating taxable profit).

The accounting profit remaining after the distribution of the legal reserve is transferred to retained earnings at the beginning of the financial year following the year for which the annual financial statements are prepared, from where it will be distributed.

(iii) Other capital reserves – share based payments

The share-based payments reserve is used to recognise the value of equity-settled share-based payments provided to senior employees, as part of their remuneration.

On 29 April 2026, the General Shareholder Meeting (GSM) approved the terms and conditions of, and the execution and performance by the Company of a stock option plan for the benefit of the executive members of the Board of Directors for the years 2026 – 2030 (the "**SOP**"). The plan was validated at the Board of Directors' meeting held on March 23rd, 2026 and refers to an algorithm with respect to awarding certain bonifications to two executive members of the Board of Directors of One United Properties SA, which materialize in granting a package of shares, no amount are to be paid by the beneficiaries for granting and / or exercising an Option.

In case of exercising the Options, newly issued shares are allocated by the holding company. The performance conditions that must be met in order to exercise the Options are: (a) holding the position of executive member of the Board of Directors at the Performance Measurement Date, (b) reaching a price per share according to an algorithm established by the decision of the Board of Directors and subsequently approved by the General Shareholder Meeting and (c) additional performance conditions: reaching a market value per share of the Company at the end of the SOP application period according to the algorithm established by the decision of the Board of Directors and subsequently approved by the General Shareholder Meeting.

This stock option plan ("SOP") can be vested in the following 5 years, following the fulfilment of the performance conditions.

The fulfillment of the Performance Conditions shall be assessed by the non-executive members of the Company's Remuneration Committee, taking into consideration the weighted average with the volume traded applied to the average daily prices in the period 01.10 – 31.12 (i) in the case of the Basic Performance Conditions, in the year evaluated, respectively (ii) in the case of the Additional Performance Conditions, in 2030, as reflected on the website of the Bucharest Stock Exchange.

Based on the conditions described above, the Group and the beneficiaries have confirmed that all terms and conditions have been established for the stock option plan described above, the grant date have occurred and therefore the Group has accounted for an expense of RON 31.07 million during 9 months of 2026 and in correspondence the related capital reserve.

The normal operating cycle of the Group is three years. As a result, current assets and liabilities include items whose realization is intended and / or anticipated to occur during the normal operating cycle of the group.

Accrued payables represent the value of accepted services rendered by entrepreneurs and contractors for which invoices have not yet been received at the reporting date.

Performance guarantees retained from suppliers represent retention amounts withheld from payments due to contractors in accordance with the contractual terms of construction or service agreements. These amounts are intended to ensure the proper completion of works and to cover potential defects identified during the warranty or defect liability period.
The retention is typically calculated as a fixed percentage of the value of the works performed or of each invoice submitted by the supplier, as stipulated in the underlying contract. The retained amounts are initially recognized at the value withheld from the supplier's invoices and presented as other payables. Performance guarantees are generally released upon completion and formal acceptance of the works, with a portion typically released at the date of project completion and the remaining balance released after the expiry of the contractual warranty, provided that no significant defects or claims have been identified.

The management consider that the carrying amount of trade payables approximates to their fair value.

17. ADVANCES RECEIVED FROM CLIENTS

Advances received from customers mainly relate to amounts collected under pre-sale agreements for residential units under development. Such amounts are recognized as contract liabilities in accordance with IFRS 15 Revenue from Contracts with Customers until the transfer of control of the completed property to the customer.

In Romania, recent legislative amendments introduced by Law No. 207/2025 have established additional safeguards for buyers in residential real estate developments. Under these provisions, advances received from customers must generally be deposited in bank accounts dedicated to the respective development project and may be used primarily for financing the construction of that project. In addition, advance payments are typically linked to the progress of construction and are subject to certain limitations intended to enhance buyer protection and transparency in real estate transactions.
The Group monitors compliance with these legal requirements and ensures that advances received from customers are managed and utilized in accordance with the applicable regulatory framework.

At the moment of signing the bilateral sales undertakings between the promissory-seller and the promissory-purchaser, the promissory-seller undertakes not to sell, not to encumber, promise or offer for sale the apartments (with / without parking spaces) to a third party. The advances received from customers are decreasing over time in line with the increase in the percentage of completion of the residential developments.

18. NET INCOME FROM RESIDENTIAL PROPERTY (continued)

During the first 9 months of 2026, One High District and One Lake Club development was completed and the reception was performed. For comparability the related sales and costs were also reclassified for 2025 from property under development to completed inventory property.

19. NET INCOME FROM RENTAL ACTIVITY

The Group has entered into leases on its office property portfolio. The office property leases typically have lease terms of between 5 and 10 years and include clauses to enable periodic upward revision of the rental charge according to prevailing market conditions. Some leases contain options to break before the end of the lease term.

Details about the net annual rent are presented below:

As at 30 September 2026	Rental income	% share of rental income	Revenues from services to tenants	Total	% share in total
Office	76,804,600	77.84%	26,198,680	103,003,280	79.37%

Under the office activity, are mainly included the revenues generated by One United Tower, One Cotroceni Park Office, One Cotroceni Park Office Faza 2 and One Victoriei Plaza with a share of 95% in total office rental revenues as of 30 September 2026.

Under the retail activity, are included the revenues generated by Bucur Obor.

The net amount of lease incentives not fully amortised are included in the statement of financial position under 'Investment property' at 30 September 2026 and 30 September 2025.

Operating leases, in which the Group is the lessor, relate to investment property owned by the Group with lease terms of between 3 to 15 years, with an extension option. The lessee does not have an option to purchase the property at the expiry of the lease period.

Certain operating costs incurred by the Group in relation to its properties, including utilities, maintenance and other property-related expenses, are re-invoiced to tenants through service charges in accordance with the terms of the lease agreements. These costs are recognised in profit or loss when incurred, with the corresponding service charge income recognised.

Other property operating expenses that are not recoverable from tenants are recognised as costs of the owner and are not re-invoiced. These expenses are recognised in profit or loss as incurred.

26. COMMITMENTS

Through the contracts concluded with the clients, the Group undertakes to deliver on time, state-of-the-art apartments forming the object of the concluded contracts. Other obligations resulting from the contracts concluded with clients: the apartments were not and are not removed from the civil circuit; are not the subject of any rental agreement; are not the subject of any litigation; are not subject to any form of forced execution; does not constitute contribution to the set-up of any commercial company; are not alienated or mortgaged; are free from any liens.

Until the development works are finalized for the hotels in ownership, the Group has concluded hotel management agreements with a third-party hotel operator for the operation of the hotel properties owned by the subsidiaries One Downtown SRL and One M Hotel SRL. The operator manages the hotel on behalf of the Group in accordance with agreed operating standards and is entitled to management fees as specified in the agreement. The Group retains ownership of the property and the underlying assets and the associated economic benefits.

The Company through its subsidiary, One Park Line SRL (former One Proiect 16 SRL) has concluded a sale and purchase pre-agreement for the acquisition of several plots of land located in Bucharest, for a total price of EUR 17 million. The transaction will be implemented in several steps and is subject to several conditions related to obtaining the building permit.

The Company through its subsidiary, One Herastrau City SRL has concluded an agreement for the acquisition of a plot of land of 36,869 sqm on Poligrafiei Boulevard no. 50 and 52-54, in Bucharest Sector 1, together with 19 existing buildings to be demolished. The value of the transaction is approximately EUR 60 million, of which 10% will be paid in cash (until 30 September 2026 an amount of EUR 1.7 million was paid), and the rest will be settled with a part of the apartments that will be built in this future development. The ownership will be transferred only upon the completion of the agreed conditions established in the contract (obtaining the building permit in a maximum period of 5 years from the date of signing the contract).

The Company through its subsidiary, One Proiect 20 SRL has concluded a preliminary agreement for the acquisition of a plot of land on 5A Petricani Street, with an area of 25,073 sqm. The value of the transaction is of approximately EUR 11.6 million, from which was paid EUR 0.97 million. The remaining amount of EUR 10.7 million will be paid after the signing of the final agreement which is expected to be concluded in April 2027. The transaction is subject to several conditions and will be finalized only if the building permit for the development is obtained.

The subsidiary, ONE Proiect 24 SRL, fully controlled by the Company has signed a promissory sale and purchase agreement for the acquisition of multiple plots of land located in a prime area of Sibiu, totaling approximately 28,825 sqm of land and existing buildings. This transaction marks One United Properties' entry into Sibiu, an important milestone in the Company's expansion strategy, following its established track record of high-end developments in Bucharest and Constanta.
The completion of the transaction is subject to the fulfillment of several conditions precedent, including the issuance of the final building permit, expected by the end of 2026.

The Company through its subsidiary, One Proiect 22 SRL has concluded a preliminary agreement for the acquisition of a plot of land of 34,800 sqm, located in Constanta, Faleza Nord-Pescarie area. The value of the transaction is of approximately EUR 16 million. The purchase price will be paid in accordance with the parties' final agreement, through compensation with part of the completed development. Payment will be made pursuant to the schedule and conditions set out in the sale-purchase agreement, and is expected to be made upon completion of the development.

27. CONTINGENCIES

The Group in the normal course of business has given warranties for the quality of the apartments for 3 years and is obliged by the local legislation to guarantee the construction design on the entire lifetime of the construction. Provision is made for the Directors' best estimate of all known legal claims and all legal actions in progress. The Group takes legal advice as to the likelihood of success of claims and actions and no provision is made where the Directors consider, based on that advice, that the action is unlikely to succeed.

The Romanian tax system is under continuous development, being subject to constant interpretations and changes, sometimes retrospectively applied. The statute of limitation for tax periods is 5 years. The Group's management considers that the tax liabilities of the Group have been calculated and recorded according to the legal provisions.

There are several law suits in which the Group entities are involved in the normal course of business, which in case of negative outcome, may have an effect on the Group's operations. However, the Group does not anticipate significant impact based on the status of these law suits at the issue date.

The works on the One Modrogan project are suspended according to a court decision issued which has as an object the annulment of the urban area plan (PUZ) and building permit (AC). Several litigation cases related to this matter are ongoing, but no final decision has yet been reached. The Group management assessed the matter together with the legal counsel, and concluded the project will be finalized, and therefore there will be no requirement to repay any amounts received from customers and that the assets related to the projects are recoverable. The Group's management does not consider the likelihood of an outflow of economic benefits to be probable and so no provisions are recorded in this respect. However, a contingent liability is identified in relation to obligations to customers in the event of an adverse final ruling in the litigation case.

As of September 30, 2026, the Group has recognized sales amounting to RON 166.1 million (2025: RON 161.5 million) and incurred cost of sales of RON 95.5 million (2025: RON 93.6 million) in relation to the One Modrogan project. The Group's balance sheet includes inventories valued at RON 40.3 million (31 December 2025: RON 39.5 million) and contract assets of RON 20.6 million (31 December 2025: RON 16 million), along with advance payments from clients totaling RON 145.5 million (31 December 2025: RON 145.5 million). Additionally, the Group management has filed a warranty claim requesting compensation of EUR 71.7 million from the Municipality of Bucharest for damages caused by the issuance of documents that were later deemed illegal. This claim is currently suspended until the aforementioned litigations are finalized.

A recent Romanian Constitutional Court's decision was issued on April 9, 2025, which represents a significant change, positively affecting the legal stability of the real estate sector in Romania. The decision declared unconstitutional the Supreme Court's decision no. 10/2015, which had allowed building permits to be annulled if they were under litigation at the time the related Local Zoning Plan was annulled. This interpretation created legal uncertainty and was in contradiction with Article 23 of Law 554/2004, which clearly stated that the annulment of a Local Zoning Plan produces effects only for the future.
Following this decision, the original rule is now reinstated: once a building permit is legally issued, it remains valid even if the underlying Local Zoning Plan is later annulled. Therefore, the Constitutional Court's Decision confirms that the annulment cannot affect existing permits, regardless of whether they are being challenged in court. This decision reestablishes the legal protection of rights already granted by administrative acts.
The Constitutional Court's decision establishes a more predictable and secure legal framework for planning, investment, and construction in Romania, eliminating the risk of losing building permits due to the annulment of Local Zoning Plans. The ruling brings greater legal certainty to the real estate sector, encouraging stable growth and restoring investor confidence in the Romanian real estate development landscape.

28. EVENTS AFTER THE REPORTING PERIOD

The Group have acquired a 5,755 sqm plot of land located at 110-112 Barbu Vacarescu Street, District 2, Bucharest, for a new mixed-use development with an estimated gross development value (GDV) of EUR 130 million. The transaction value amounts to EUR 10 million. The development is envisaged as a new address for hospitality and living in Floreasca-Barbu Vacarescu area, combining residences with commercial and work spaces on the lower floors.

The Company decided to convene the Ordinary General Meeting of Shareholders (OGMS) and the Extraordinary General Meeting of Shareholders (EGMS) of the Company for 09.11.2026 (first calling), respectively for 10.11.2026 (second calling) should the attendance quorum for the first meeting not be met. The agenda of the minute includes several items for approval such as: distribution of ordinary interim dividends.

28. EVENTS AFTER THE REPORTING PERIOD (continued)

On November 9th, 2026, One United Properties signed an agreement to invest in ORA by Casa Tua, entering the venture as a partner to Fortune International Group, the developer of this 77-storey residential and mixed-use tower in the Brickell district of Miami, Florida, marking the Company's entry into the Miami real estate market. The Company will invest through One 1210 Brickell SRL, a Romania-based investment vehicle, which will commit with co-investor USD 43 million. The Company's equity contribution to the vehicle will amount to USD 15 million, with the balance funded by other co-investors. The project, with a total development cost expected to exceed USD 1 billion, comprises 533 fully furnished branded residences, with construction scheduled to begin in Q1 2027.

The interim condensed consolidated financial statements were approved by the Management of the Company, authorised for issue on 10 November 2026 and signed on its behalf by:
